STUDENT FEEDBACK & REVIEWS

I am really thankful to Cuvette for helping me get a job. The mentors are really friendly and helped me whenever I faced a issue. After working on so many projects in the program , I was confident that I will get the offer.

Puja Kumari [in](#)

JNTUH College of engineering

The placement team was extremely helpful. With their support and guidance, I was able to turn my aspirations into reality and crack an amazing job offer.

Raja Tirole [in](#)

2023 Grad → 7.5 LPA

Earlier I used to learn from youtube but was not feeling confident. At Cuvette, I actually learned how to write code and make projects. I would definitely recommend it to others who are looking to build a career in software development

Ashish Singh [in](#)

10 LPA | Guardians Company

I heard about Cuvette through one of my friends. I used to learn through Udemy & Youtube but was not getting confidence. Cuvette provided me the complete mentorship which was much needed.

Sachin Gahlot [in](#)

15 LPA | Spinny

I am satisfied with the number of opportunities I got. The placement team connected me with 6-7 developer roles until i received my final offer even though I am a non engineering graduate.

Chiranjit Mukherjee [in](#)

Tier 3 → 6.5 LPA

I really like the projects, that was like one of the best part in the program for me. Every week, we were getting 3-4 companies and finally, I got an offer from one. It took approx 2 weeks maybe even less to get the placement

Chetan Sengar [in](#)

10 LPA | Guardians

Through this program I got to learn about how to implement code, how to use libraries and how to make api & integrate it. Here I got a chance to improve myself and enhance my skills.

Mohit Nandan [in](#)

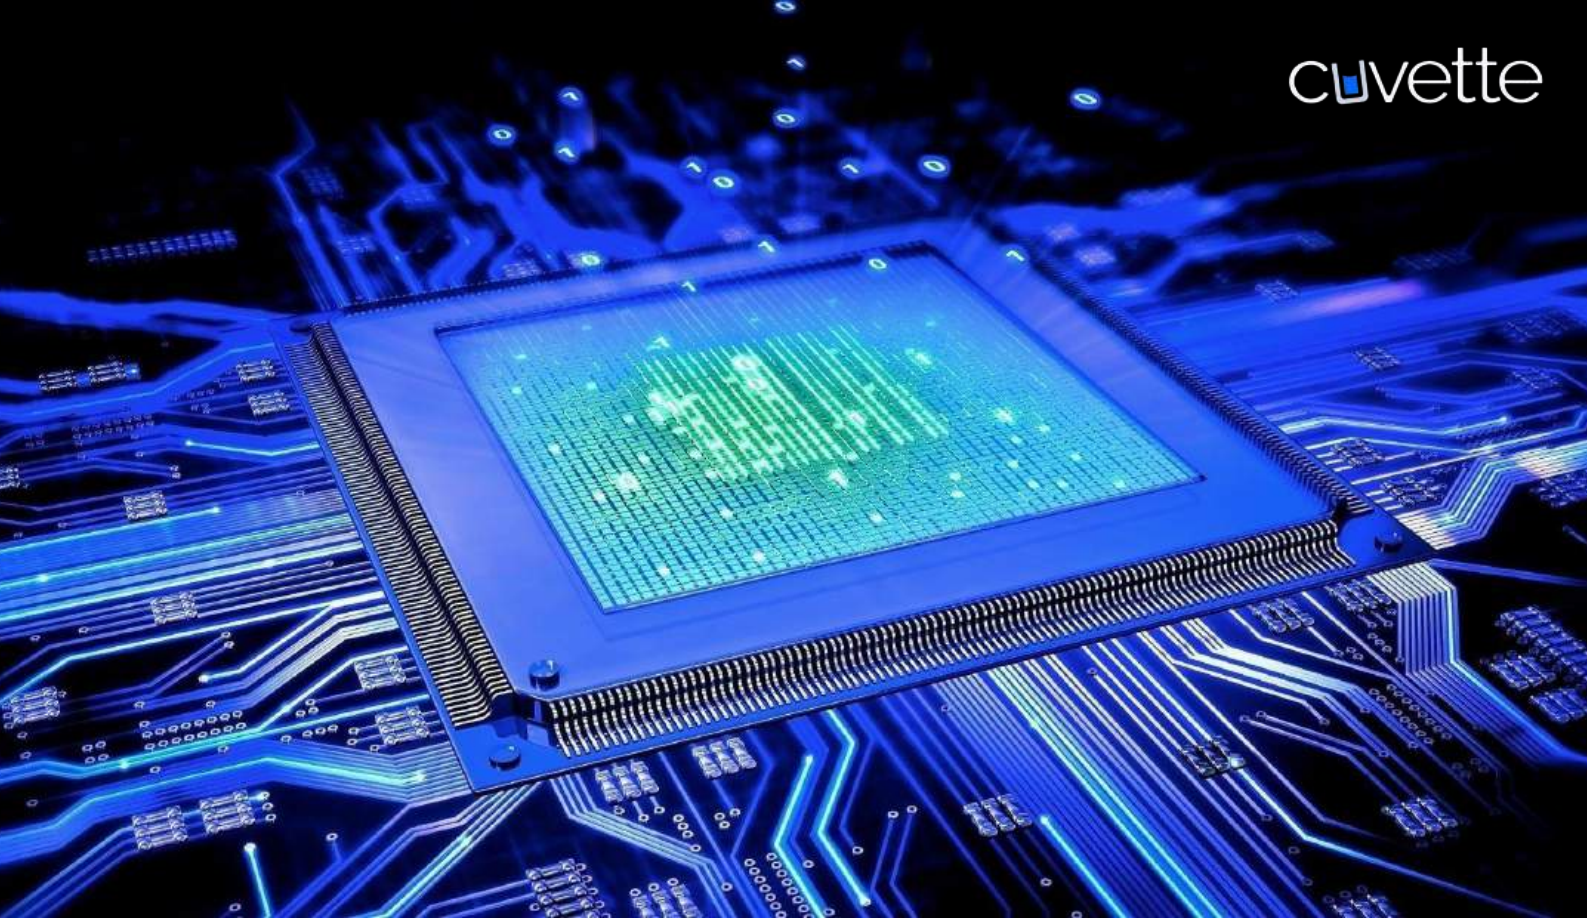

HBTU Technical University

At Cuvette you will learn through live classes and you can ask your doubts in live doubt sessions. All the projects, resume building, mock interviews and placement process was really beneficial.

Ankit Prakash [in](#)

SLIET, Punjab

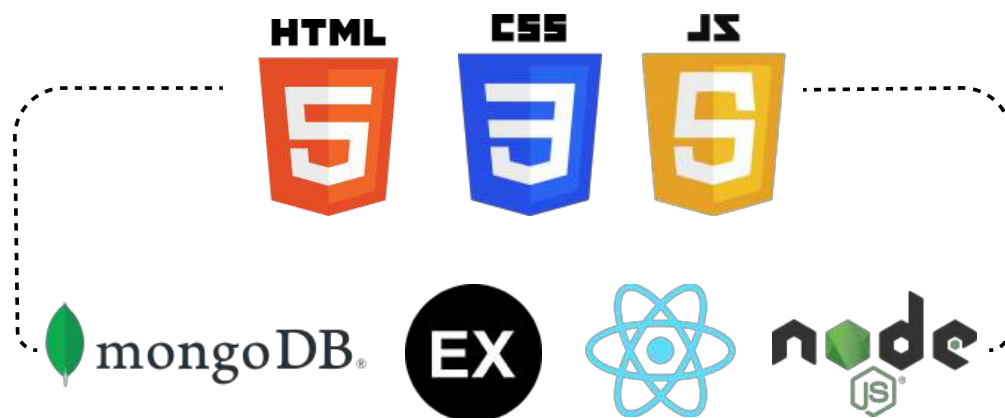

We are partner with 7000+ companies and
we are just growing more
